

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

i use my prepaid cell phone no more than about once per month. any fee based on anything other than actual use would be grossly unfair

I urge you to reject the proposal to move the USF collection system to a flat-fee.

Sincerely,
